

EMS: 5.2.1 Environmental Policy

Environmental Policy

BRC Rubber & Plastics, Inc. is dedicated to protecting the environment by committing to:

- Prevent pollution by recycling materials, reducing waste, and disposing of remaining waste in an environmentally sound manner.
- Comply with regulations within the scope of BRC operations on all relevant state, federal and county environmental laws and regulations.
- Continuous improvement in activities, processes, products and services to enhance plant operation and protect the environment.
- Enhance environmental performance by evaluating operations at least annually.
